

## Phase 1: Building a Computer

Before	During	After
<p>What are computers?</p> <p>Looking at the blueprint, how do you know the order of steps to build the computer?</p> <p>List the parts used in the blueprint.</p> <p>List some differences and similarities between parts.</p>	<p>Roles/Responsibilities:</p> <p>List the steps you plan to complete on Day 1:</p> <p>List the steps you plan to complete on Day 2:</p> <p>List the steps you plan to complete on Day 3:</p>	<p>How do we physically interact with computers? (How do we tell them what to do?)</p> <p>How will you test your design?</p> <p>What advice would you give to another team building a computer?</p>
